Where can I find multimedia resources for my class Web page?

Where can I find copyright information on using videos in the classroom?

Where can I find good resources on how to write strong lesson plans?

What are Montana's teacher certification requirements?

Where can I find time-saving ideas from other teachers?

How can I find online professional development or online workshops for teachers?

Your answers are relevant, in context, and from resources available at your library.

Librarians can co-browse Web pages and databases with you to help them find useful information.

You will receive transcripts of chat sessions in your email for reference.

Questions can be referred to local and national experts for further follow-up when appropriate.

*Funding for Ask Montana is provided by a consortium of local Montana libraries and a Library Services and Technology Act Grant from the Institute of Museum and Library Services, which is administered by the Montana State Library.*
